

DIRSlim

Directional loudspeaker

DIR Slim directional loudspeaker is a robust and portable sound source, able to produce a high noise level. DIR Slim it's typically used to generate noise in a free-field for the evaluation of the transmission loss index of a façade.

Due to its outstanding performances of power and directivity it's also particularly suitable for acoustical insulation and reverberation time measurements.

DIR Slim is powered by the lightweight and portable AMG Mini power amplifier and can be used as an alternative to OMNI Series sound sources. DIR SLIM can be also used with other external amplified sources, respecting the acoustic specifications of the system.

DIR Slim passive façade directional loudspeaker is equipped with a stiff and ergonomic structure, that simplifies transport and protection to impacts.

STANDARD EQUIPMENT

- 6 mt cable

Optional

- Incline adapter
- Trolley flight case

CONFORMITY LAWS

UNI EN ISO:
140-5, 16283-3, 3382, 354.
Conform to CE directives.

TECHNICAL FEATURES

- Dimensions: 260 x 210 x 320 mm
- Weight: 9 Kg
- Maximum power: 350 W
- Max sound power level: 122 dB
- Impedance: 4 Ω
- 2 Pin Speakon: IN +1, -1 / OUT +2, -2

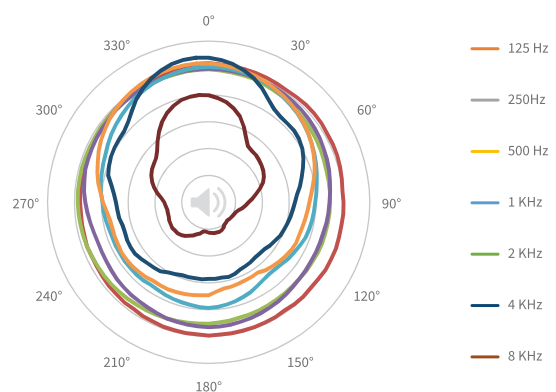

SPL - 1,5M - 1/3 OCT

SPL - 1,5M - 1/1 OCT

1/1 OCT DIRECTIVITY

COMPANY IDENTITY

Ntek is specialized in products and services for noise and vibration measurement and control, in all applicable acoustic fields.

The company has been able to improve in designing, developing and producing solutions that mix simplicity, portability and user-friendly products with excellent quality.

Ntek main goal is to supply a qualified service with a complete range of products delivered on time in order to guarantee its customers the chance to focus on their business.

To keep this promise we have strongly invested in innovation and production process with monitoring procedures certified by independent primary authority.

OUR VISION

We believe that acoustics is the basis of wellness and improvement of life quality.

It's for this reason that we develop, innovate and produce equipment inspired to this philosophy.

HOW WE WORK

Ntek can ensure a high level of service, thanks to modern processes and new laboratories, completely equipped for different operations of design, production, measurement, check and control.

INTERNAL LOGISTICS AND STOCK

With its new operative location of 500 m² and its internal stock, Ntek guarantees available products in a short time according to customers' needs. Today we can handle an order in 48 hours compared with a standard delivery of 45/60 days.

The new location is structured to be flexible with logistics activities and in answering efficiently to productive needs of our customers.

SUSTAINABILITY

Green company, environmentally friendly, aimed to a continuous improvement of quality and safety in industrial processes.
